

TANDBERG MediaPlace

Combining the power of video with multimedia tools, the TANDBERG MediaPlace is an integrated video communication system designed for instructional environments. Incorporating a TANDBERG set-top video system with a high resolution projector, DVD/VCR and audio system, MediaPlace offers a flexible, interactive solution that is durable, mobile and secure.

The TANDBERG MediaPlace includes a lockable Lexan cover for durability and security. The TANDBERG MediaPlace is available in North America and select countries.
