CONNECT ANYWHERE, ANYTIME WITH TANDBERG AND MICROSOFT OFFICE COMMUNICATIONS SERVER 2007 IN CRYSTAL CLEAR BUSINESS QUALITY HD

Video communications is an important aspect of the Microsoft Office Communications Server 2007 solution. In addition, users of video are demanding that communications are clear, reliable and effective.

TANDBERG's PrecisionHD™ USB Camera is the first in its class capable of delivering business-quality HD video communications in 720p, 30FPS in a widescreen format. The camera, along with Office Communications Server 2007 R2, will enable users to maximize their video communications in business-quality HD and superior audio capabilities; meaning they can connect with clarity and purpose anywhere, anytime.

TANDBERG AND MICROSOFT: SHARING THE VISION OF UNIFIED COMMUNICATIONS

The PrecisionHD USB camera is the latest development in Microsoft and TANDBERG's shared vision for an integrated and complete unified communications environment.
